## **Exchange Programme Application**

### **Student Profile**

I am an extroverted person who loves socializing with people from all walks of life. Last year, I participated in a student exchange programme where I made many new friends, which is why I am eager to join again. My interests include baking, dancing, and playing volleyball. I frequently visit the sports centre in Causeway Bay on Hong Kong Island. I truly enjoy connecting with peers from different cultures and backgrounds.

### **Reasons for Applying and Expectations**

I wish to join this programme to meet people who share similar interests, such as dancing or volleyball. I believe this experience will help me broaden my perspective and gain self-confidence. By meeting new friends, I hope to learn about their school lives and further improve my social skills. Specifically, I am interested in seeing how different schools operate and ultimately want to learn more about the diverse traditions within Hong Kong.

### **Sharing with Schoolmates**

To share my journey, I plan to create an engaging presentation slideshow featuring photos and videos of the host school. I would also be grateful for the opportunity to give a short talk during the morning assembly. Participating in these programmes has helped me transition from a shy student to a more confident individual.
